Why Choose Continuous Query?
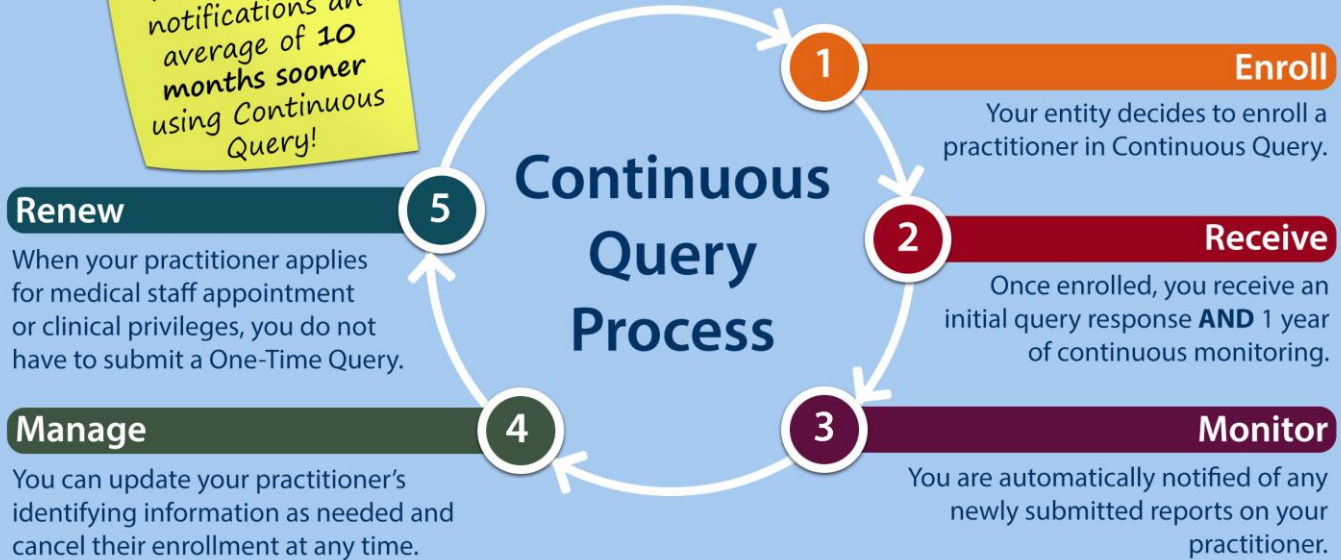

Receive report notifications an average of **10** months sooner using Continuous Query!

Continuous Query Process

1 Enroll
Your entity decides to enroll a practitioner in Continuous Query.

2 Receive
Once enrolled, you receive an initial query response **AND** 1 year of continuous monitoring.

3 Monitor
You are automatically notified of any newly submitted reports on your practitioner.

4 Manage
You can update your practitioner's identifying information as needed and cancel their enrollment at any time.

5 Renew
When your practitioner applies for medical staff appointment or clinical privileges, you do not have to submit a One-Time Query.

No more One-Time Queries needed

Accreditation organization approved

Meets hospitals' querying requirements
